Instructions for applying for the TOCE scholarship

History of the TOCE Scholarship Fund

In the Spring of 1994, students involved with Movimiento Estudiantil Xicano de Aztlan (MEXA) Fought for the Support of the LUPE Scholarship Award, which was established with the assistance of an academic advisor, Eduardo Torres.

After Months of direct confrontations and negotiation with the University by Xicano students, this scholarship along with a heightened awareness of Xicano issues and the Cesar Chavez memorial library were created.

The students in 1994 felt the most important qualifying criteria if this scholarship was and is community involvement and service.

Students involved with MEXA today feel the same is essential to the development of both groups. This in turn builds a direct line of communication between campus and community.

MEXA believes strongly in community, this is why we fought and will continue to fight for this scholarship.

-MEXA 1998

The T.O.C.E. is a positive evolution of the LUPE and will continue what MEXA and Torres established.
